

Temporary Disability Documentation Form

DSP is responsible for providing academic support services (accommodations) for students who qualify as an individual with a disability. This includes temporary disabilities that may functionally impact a person. DSP requires comprehensive documentation in order to determine if the condition rises to the level of disability under the Americans with Disabilities Act as Amended (ADAAA) of 2008 and Section 504 of the Rehabilitation Act of 1973. If so, the student may be entitled to reasonable accommodations.
